

Zandi, Claudia, Paula and Kerry at our beautiful Woza Moya Stand at the Design Indaba

**Friends and Supporters; It is official
now:**

**The Dreams for Africa Chair is the Most
Beautiful Object in South Africa!**

A thunder of laughter and joy could be heard at Design Indaba 2011 in Cape Town on Sunday afternoon when it was announced that our Dream Chair has been voted as the Most Beautiful Object in South Africa. We were just so ecstatic and could not believe it.

10 beautiful objects were selected by the top magazine editors and were displayed in the design indaba arena. Motivated by the positive reaction visitors showed towards the Dream for Africa Chair it provided a wonderful platform for us to tell our story and share the purpose of our journey. We are so grateful to all of you who voted, supported and encouraged us to make this happen, a dream come true! THANK YOU !

Winning this award means so much to all the beaders involved but as well celebrates and acknowledges the craft and talents of traditional Zulu beadwork.

Woza Moya has been exhibiting for the 6th time at Design Indaba. It is such an important event for us, and for the first price we won next year's stand floor space which will lighten the financial burden and ensure our next year's participation.

We would like to say 'thank you' to our sponsors and supporters:

DNAPrint-Greg, Brand Iron-Pierre Gallet and Luca Traini, Jodi Hodgskin, DP Print-Abdool, Oasys- Brian, Churchills- Gary, Expo screens- Petra, Fotomax-Wayne, Interactive Africa- Mike and his team, Colleen Eitzen Design, Big Time Promotions- Amanda, The Lowe Family, Craig Rutherford, Bush zone-Sue, Rebul- Tony and Brigitta Huggett, Karen Monk Kljinstra, Gina McCulloch, the Design Room, Windermere Shopping Centre and East Coast Radio
